

*For SATURATING Our Community With Their GREASY BEHAVIOR*

*Jewish Women Watching announces the first annual*

# **GREASY LATKE AWARDS**

## **Federation System: The Reinforcing the Glass Ceiling Award**

The 19 largest Jewish Federations in the country are all run by men. At an annual retreat where this powerful old boys network meets to plot our community's future, the only women present are serving coffee. Thanks, guys, for shutting us out, proving that even in the 21st century, women still can't climb to the top of the decision-making ladder.

## **United Jewish Communities: The Dirty Money Award**

Showing that it will abandon Jewish values for the right price, UJC recently accepted \$1.5 million from Pastor John Hagee of San Antonio, TX in support of Israel. Pastor Hagee regularly preaches that gays are going to hell, that abortion is ruining America, and that all Muslims are evil. Hats off to UJC for valuing money over civil rights and religious freedom.

## **Anti-Defamation League: The Sleeping With The Enemy Award**

On September 23rd, 2003, ADL honored Italian Prime Minister Silvio Berlusconi, who only weeks before claimed that Mussolini "never killed anyone." Director Abe Foxman insists that Berlusconi's support of Israel is more significant than a few gaffes. But we think the 7,000 Jews Mussolini deported to concentration camps wouldn't agree.

## **Michael Steinhardt: The Lifetime of Dubious Achievement Award**

He spends millions to send privileged students to Israel and uses his financial power at Hillel to prioritize kosher sushi rolling parties over a social justice agenda. Our sincerest thanks to Michael Steinhardt for promoting a Judaism utterly devoid of values.
